About Me

I'm the Swiss Army knife of the digital world – app developer by day, graphic designer by night, and a website wizard all the time! It's me who can make your app run smoother than your morning coffee, design graphics that are so sharp they might cut you, and build websites.

Skills

- Problem Solving
- Creativity
- App Development
- Web Development
- Critical Thinking
- Graphics Designing

Education

- **Bachelor of Computer Science and Information Technology**
Patan Multiple Campus 2025 - 2028
Relevant Coursework: Data Structures & Algorithms, Operating Systems, Web Development, Database Management, Digital Logic, Software Engineering, AI & Machine Learning
Activities: IT Club Member, Tech Workshops, Project-Based Learning
- **Diploma in Computer Application (DCA)**
Aksah Institute of Technology 2024
Covered 360 hours of training in:
 - Microsoft Office Suite (Word, Excel, PowerPoint, Publisher, Access DB)
 - Adobe Suite (Photoshop, Illustrator, InDesign)
 - Web Design and Development
 - Video Editing (DaVinci Resolve)
 - App Development using Flutter & Dart
 - Computer Fundamentals, Email, Internet, and Unicode handling

Experience

- **Senior Developer**
Charibazar 2023 - Present
As Senior Developer at Charibazar, I led the development of its e-commerce web and mobile platforms, focusing on intuitive UI/UX and scalable backend systems. I integrated secure payments, dynamic inventory, and user authentication features. Collaborated cross-functionally to align tech with business needs. Managed deployments, testing, and trained staff on system usage. My work significantly improved platform performance and user engagement.
- **IT Head**
Shikshya Sagar 2024 - 2025
As IT Head at Shikshya Sagar, I oversaw the institution's entire tech infrastructure, from managing systems and networks to implementing digital tools for education and administration. I led software adoption.
